

Kansas City Composite Squadron Position Policies

CADET LEADERSHIP OFFICER (CPL) (P216)

SENIOR MEMBER POSITION DESCRIPTIONS

Position descriptions at all echelons (region, wing, group, and squadron) are so similar that one broad position description applies to all levels, unless otherwise indicated. Since CAP directives describe in detail the tasks to be performed in each position, each staff officer should become completely familiar with the CAP directives listed in his/her position description. Also, it should be noted that all phases of each position are covered even though some units do not have a particular need for every task

Squadron commanders are authorized and encouraged to develop more detailed position descriptions for their staff officers to fit the individual unit situation and talents of unit personnel.
